## **DETAILED ACTION**

1. Claims 1-9, 15, 16 and 21-27 are pending. The previous rejection is withdrawn from pursuant to Applicant's July 28, 2006 Amendment and REMARKS.

## Claim Rejections - 35 USC § 103

- 2. The following is a quotation of 35 U.S.C. 103(a) which forms the basis for all obviousness rejections set forth in this Office action:
  - (a) A patent may not be obtained though the invention is not identically disclosed or described as set forth in section 102 of this title, if the differences between the subject matter sought to be patented and the prior art are such that the subject matter as a whole would have been obvious at the time the invention was made to a person having ordinary skill in the art to which said subject matter pertains. Patentability shall not be negatived by the manner in which the invention was made.
- 3. Claim s 1-9, 15, 16 and 21-27 are rejected under 35 U.S.C. 103(a) as being unpatentable over McPhee et al., US 7,117,060.

McPhee discloses, e.g. Figs. 1-5, an apparatus for estimating manufacturing cost for a product, e.g. 14, 16, an input device, e.g. 402, a random access memory, e.g. ROM, and a display device, e.g. computer, and at least two external suppliers, e.g. manufacturers. McPhee does not explicitly disclose a processor. Official Notice is taken that apparatus comprising processors adapted to calculate cost have been common knowledge in the computer processing art. To have provided such for McPhee would have been obvious to one of ordinary skill in the art. It is noted that the McPhee apparatus is deemed able to carry out all of Applicant's intended use claim language, e.g. for estimating. It is further noted that intended use claim language is not positively recited and, as such, merits little patentable weight. Applicant's July 28, 2006 REMARKS have been reviewed, but are moot in light of the new grounds of rejection.

## Conclusion

4. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
